

VISHAL CHAUHAN

Lead Product Designer · Design Leader · AI-Powered Product Experiences · Enterprise SaaS

Pune, India · +91 8088 893 700 · vishalchauhanux@gmail.com · vishalfolio.loveable.app

PROFESSIONAL SUMMARY

Lead Product Designer with 16+ years scaling enterprise SaaS from discovery to delivery. Expert in design systems at scale, product strategy, AI-assisted workflows, and cross-functional design leadership across global organizations. Proven track record influencing multi-year roadmaps, establishing UX Centers of Excellence, and transforming complex enterprise workflows into measurable business outcomes—including a direct contribution to 18% ARR growth at Hilti ON!Track.

KEY ACHIEVEMENTS

- Contributed to **18% ARR growth (72M → 85M CHF)** at Hilti ON!Track through enterprise workflow redesign and product-led growth initiatives.
- Defined **North Star Vision targeting 300M CHF by 2030**, shaping multi-year product strategy, AI-assisted workflows, and role-based product experiences.
- Facilitated stakeholder workshops, customer research programs, and strategic planning activities to **align business goals with customer needs across international markets**.
- Architected **design system powering 40+ enterprise products** at HCL Software, establishing governance frameworks, component libraries, and cross-team adoption standards.
- Scaled design practice **from 2 to 20+ designers in 2 years** at Coforge, building a full-service design studio and embedding UX culture organizationally.
- Mentored 10+ designers** across multiple product teams, improving design quality, stakeholder alignment, and career growth outcomes.
- Championed **AI-assisted design workflows** (ChatGPT, Claude, Figma Make, Copilot), accelerating research synthesis, content development, and design velocity.

CORE COMPETENCIES

Product: Product Strategy · Product Vision · Product Discovery · Product-Led Growth · Roadmap Planning · User Research · Customer Insights · Customer Journey Mapping

Design: Design Systems at Scale · Data-Informed Design · AI-Assisted Workflows

Leadership: Design Leadership · Team Development · Design Coaching · Talent Development · Stakeholder Management · Cross-Functional Collaboration · Workshop Facilitation · Design Reviews

Tools: Figma · FigJam · Figma Make · ChatGPT · Claude · Microsoft Copilot · Miro · Jira · Confluence · ProductBoard

PROFESSIONAL EXPERIENCE

HILTI GROUP | Staff Product Designer

March 2023 – Present

Product-Led Growth · Multi-Year Product Strategy · AI-Assisted Workflows

- Defined North Star Vision for Hilti 2030, establishing multi-year product strategy to influence the product roadmap targeting **300M CHF** through proactive asset management, role-based experiences, and AI-assisted workflows.
- Led end-to-end product design for ON!Track—Hilti’s next-generation IoT-enabled enterprise asset management platform—driving product discovery, UX strategy, information architecture, prototyping, and delivery across web and mobile.
- Spearheaded enterprise workflow redesign (ON!Track New Look), improving feature discoverability and directly contributing to **18% ARR growth (72M → 85M CHF)**, establishing the foundation for product-led growth.
- Conducted 100+ customer research sessions (remote and in-person) across international markets; introduced AI-led support-ticket analysis, improving insight generation velocity and design productivity.

- Championed AI-assisted design workflows (ChatGPT, Claude, Figma Make, GitHub Copilot), accelerating research synthesis, UX content development, and concept exploration across concurrent initiatives.
- Operated as player-coach, balancing strategic product direction with hands-on design execution; aligned cross-functional teams across Product Management and Engineering in international markets.

HCL SOFTWARE | Lead Designer I

November 2018 – March 2023

Design Systems at Scale · Design Governance · Mentorship & Co-Creation

- Led the **UX Centre of Excellence**, creating governance models, design standards, and operating frameworks supporting 40+ enterprise products.
- Architected HCL Software's design system, enabling consistent UI/UX and accelerating design-to-engineering handoff across a distributed, multi-product enterprise portfolio.
- Directed design operations—research practices, component libraries, and collaboration frameworks—driving measurable improvements in design maturity, cross-product consistency, and delivery quality.
- Facilitated stakeholder workshops, co-creation sessions, and usability evaluations that informed product strategy and design decisions across multiple enterprise SaaS platforms.
- Mentored and coached **5+** cross-product designers through structured reviews, problem-solving sessions, and stakeholder alignment, elevating team capability and design excellence.

COFORGE (formerly Synerzip) | Lead UX Designer

June 2016 – November 2018

Building & Evangelizing Design Practices · Organizational Transformation

- Recruited, mentored, and enabled a rapidly growing design team, helping scale the practice from **2 to 20+ designers**.
- Spearheaded design evangelism, educating stakeholders and leadership on UX's strategic value and positioning design as a core business service, accelerating organizational design maturity.
- Introduced Design Sprint as a billable service; engaged in presales, upsell, and cross-sell initiatives to grow the design practice and expand client impact.
- Collaborated with leadership teams to establish design as a strategic capability supporting business growth and client acquisition.
- Standardized design tooling (Sketch, Zeplin, Abstract, InVision) and established systematic workflows, documentation standards, and cross-team collaboration frameworks.

EARLIER EXPERIENCE

DataCore Software (formerly CloudByte) | Associate UX Architect

Jan 2013 – Jun 2016

- Led UX for cloud storage management platform
- Introduced user-centered design practices across engineering teams

Webenza | UX Designer

Oct 2011 – Oct 2012

- Delivered UI/UX solutions across digital marketing spectrum.

Thomson Reuters | Associate Web Developer

Apr 2011 – Mar 2012

The Akshaya Patra Foundation | UI Designer

Sep 2010 – Apr 2011

CERTIFICATIONS

Enterprise Design Thinking Practitioner | IBM

2021

Interaction Design | IIT Guwahati

2018

Certified Usability Analyst (CUA) | Human Factors International

2016

EDUCATION

Bachelor of Computer Applications (BCA) | MS University, Vadodara

2006 – 2009
