

VISHAL CHAUHAN

Lead Product Designer · Design Leadership · Product Strategy · Design Systems · AI-Assisted Workflows
Pune, India · +91 8088 893 700 · vishalchauhanux@gmail.com · [linkedin.com/in/vishname18](https://www.linkedin.com/in/vishname18) · vishalfolio.lovable.app

PROFESSIONAL SUMMARY

Lead Product Designer with 16+ years of experience scaling product experiences, design systems, and design practices across global organizations. Experienced in cross-functional design leadership across design reviews, discovery facilitation, hiring evaluation, user mentorship, UX writing, AI copy reviews, feedback conversations, design quality governance, and stakeholder alignment. Introduced AI-assisted workflows for research, synthesis, and design delivery, reducing design and research effort by up to 30%. Known for moving teams from opinion-led feature requests to customer-backed product decisions, including contribution to ON!Track's 18% ARR growth as part of the New Look transformation.

IMPACT

- Led product design for HILTI ON!Track, contributing to **18% ARR growth (CHF 72M → CHF 85M)** by improving workflow discoverability, asset visibility, and enterprise usability.
- Defined the **Vision 2030 North Star** strategy targeting CHF 300M, aligning executives, product, engineering, and design around AI-enabled, role-based enterprise experiences.
- Established design system foundations across color, typography, spacing, elevation, and reusable Figma components at HCL Software, partnering with engineering to align React and Angular component libraries across a **40+ product portfolio**.
- Helped scale Coforge's design practice from **2 → 20+ designers** through hiring, mentorship, onboarding, design reviews, and standardized design practices.
- Introduced AI-assisted workflows using ChatGPT, Claude, Figma Make, and Copilot to accelerate research, synthesis, UX writing, and design delivery, reducing design and research effort by **up to 30%**.

CORE COMPETENCIES

Product: Product Strategy · Product Vision · Discovery · Product-Led Growth · Roadmap Planning · Customer Research · Prioritization

Design: Enterprise UX · Design Systems at Scale · Information Architecture · Interaction Patterns · Data-Informed Design · AI-Assisted Workflows

Leadership: Cross-Functional Design Leadership · Design reviews · Mentorship · Workshops · Hiring & Interview Design · UX Quality Governance · Stakeholder Alignment

Tools: Figma · FigJam · Figma Make · ChatGPT · Claude · Copilot · Miro · Jira · Confluence · Productboard

PROFESSIONAL EXPERIENCE

HILTI GROUP | Lead Product Designer | March 2023 – Present

Product-Led Growth · Cross-Functional Design Leadership · Multi-Year Product Strategy · AI-Assisted Workflows

- Defined North Star Vision for Hilti ON!Track 2030, influencing roadmap direction toward CHF 300M through proactive asset management, role-based experiences, and AI-assisted workflows.
- Led end-to-end design for ON!Track, Hilti's IoT-enabled enterprise asset management platform, across discovery, UX strategy, information architecture, prototyping, and web/mobile delivery.
- Provided cross-functional design leadership through design reviews, alignment sessions, quality reviews, hiring support, portfolio reviews, and designer mentorship.
- Challenged backlog-driven Service Checklist assumptions and redirected teams toward customer-backed discovery, surfacing stronger market demand for Van Driver Journal.
- Led effort-versus-impact prioritization for Storage Assets New Look, mapping 25 research-backed issues into release phases and shipping high-impact quick wins and major workflow improvements first.
- Conducted 100+ customer research sessions across international markets; introduced AI-assisted support-ticket analysis and created reusable interaction patterns across ON!Track web and mobile.
- Protected customer experience quality during requirement refinement by advocating for minimum lovable product thinking and running persona-awareness workshops with engineering.

HCLSoftware | Lead Designer I | November 2018 – March 2023

Design Systems at Scale · Design Governance · Mentorship & Co-Creation

- Led the design strategy for HCL Link now Zeenea, transforming complex data integration workflows into intuitive user experiences.

- Led HCL's UX Centre of Excellence, building governance models, design standards, and operating frameworks for a 40+ product portfolio.
- Architected HCL Software's design system and partnered with engineering to align React/Angular component libraries and Figma foundations across a distributed enterprise portfolio.
- Ran design operations, research practices, component libraries, critique rituals, and collaboration frameworks to improve maturity, consistency, and delivery quality.
- Facilitated stakeholder workshops, co-creation sessions, and usability evaluations that informed product strategy and design decisions across enterprise SaaS platforms.
- Mentored 5+ cross-product designers and built UX CoE hiring tools, including interview questionnaires, whiteboard-challenge rubrics, and panel facilitation.

Coforge (formerly Synerzip) | Lead UX Designer | June 2016 – November 2018

Building & Evangelizing Design Practices · Organizational Transformation

- Helped scale design practice from 2 → 20+ designers through hiring, mentorship, onboarding, design reviews, and standardized design practices.
- Embedded design into the sales motion through client-facing UX workshops, supporting SOW expansion, retainer conversations, and Design Sprint adoption as a billable service.
- Led design evangelism, educating stakeholders and leadership on UX's strategic value and positioning design as a core business service.
- Standardized design tooling, documentation practices, and collaboration workflows across Sketch, Zeplin, Abstract, and InVision.

EARLIER EXPERIENCE

2010–2016:

Built a strong foundation in enterprise UX, product design, and front-end development across DataCore Software (formerly CloudByte), Webenza, Thomson Reuters, and The Akshaya Patra Foundation.

CERTIFICATIONS

Enterprise Design Thinking Practitioner | IBM | 2021

Interaction Design | IIT Guwahati | 2018

Certified Usability Analyst (CUA) | Human Factors International | 2016

EDUCATION

Bachelor of Computer Applications (BCA) | MS University, Vadodara | 2006 – 2009
